Sentry Security Systems Inc. announces the new Sentry H Series Video Capture Boards and DVRs

Multi-board capability, exceptional image quality, up to 240fps video speed

Kingston — July 29, 2003 — Sentry Security Systems Inc is pleased to announce the release of the new Sentry H series video capture boards and H series based Digital Video Recorders. The Sentry H series products are the perfect security and surveillance solution for residential, commercial and government applications. They support up to 16 cameras, real-time video recording and playback, up to 640 x 480 resolution and up to 240fps total recording/display speeds. The enhanced features of the H series increase the opportunities available for dealers when approaching new clients.

“Multi-board capability in one system is becoming highly desirable in the video security industry making system upgrades simpler, more cost effective and less time consuming” said Michael Munnely, Director of Information Technology at Sentry Security Systems Inc. “These new capabilities open up huge opportunities for our dealers and resellers servicing the upgrade needs of existing clients and when approaching new business.”

Highlighted Features:

Hardware

- o *Multi-board capable:* Add up to 4 boards in each digital video recorder.
- o *High speed:* Up to 240fps display and recording speeds
- o *Complete integration:* PTZ cameras and alarm devices can be easily integrated with the H series.

Software

- o *High Compression Ratio:* MPEG4-like proprietary compression designed specifically for CCTV applications provides better compression and higher quality video recording.

- *Event Notifications:* The H series can instantly send out notifications such as a voice message, fax, email, an alarm, etc... when motion is detected.
- *Concurrent operations:* Live video display, recording, playback and remote transmission are supported at the same time.

Sentry Security Systems Inc.

Founded in 1999, Sentry Security Systems Inc is a leading supplier of digital video security systems and CCTV equipment to resellers and installers across North America.
