- Sentry 5 Year Extended Service and Support Plan Included
- Remote access via iPhone™, Blackberry™ and Android™ Phones
- 1 Year Free System Health Monitoring Subscription (V-i7Max NVR systems only)

Description

The Sentry i7Max NVR is designed and built to achieve the highest performance for megapixel IP camera recording, viewing and playback. The high-end 6-bay, 4U 19" industrial chassis provides mass storage capabilities and excellent cooling in a rugged design. Using a dedicated solid state hard drive for the operating system and NVR software provides enterprise class reliability and fast system start up speeds while the Blu-ray™ drive ensures that longer and multiple video clips from multiple megapixel IP cameras can be backed up simultaneously and on the same disc. Whether a single NVR or multi-NVR solution is required, the Sentry i7Max delivers the highest frame rate megapixel IP camera recording, viewing and playback.

Combination of Connected IP Cameras							
Megapixel	1.3MP	2MP	3MP	4MP	Fisheye Cameras		
					1.3MP	4MP	5MP
Number of Cameras	32	32	21	16	12	4	3
<p>*Users may combine MP camera models, however each platform only allows for the total number of recorded megapixels to equal 64MP</p> <p>Ex. (8 x 1.3MP) + (7 x 2MP) + (7 x 3MP) + (4 x 4MP) = 61.4 Total Megapixels</p>
